

PRODUCT CHANGE / END OF LIFE NOTICE

November 29, 2016

Dear Valued Customer,

The Alpha Wire portfolio requires regular maintenance to ensure our products continue to offer the most updated features and benefits, in addition to the highest quality. As you are aware, there are many reasons which cause a product to require a change or to reach an end-of-life status. These reasons include when products mature and are replaced by new technology, changing industry standards, lack of demand from the market, significant changes in the product itself, or the technology has come to a point where it is no longer cost effective.

In the effort to streamline our product offering, I am announcing the discontinuation of a portion of our **54XXX hook-up wire series**. Certain part numbers will be available for last time purchase or available as a special with a 5000 foot minimum. Please refer to Appendix A for our full list of product changes. If a part number in this series is not listed in the Appendix, it is still **active** and **available** for purchase. The following changes are effective immediately.

Should you have any questions, please feel free to contact your Alpha Wire representative or channel partner.

Sincerely,

Paige DiAntonio
Product Management Specialist
Alpha Wire
