12 December 2023

**Product Discontinuation Announcement – Hirschmann BAT-C2**

Dear Valued Customer,

This letter serves as your formal notification that Belden is discontinuing Hirschmann products from the **BAT-C2 product portfolio**, effective December 12<sup>th</sup>, 2023.

In order to meet the latest market and technology trends, Belden is constantly developing innovative and high-quality products and variants that complement and optimize our existing portfolio. Every product has a defined life cycle, and our products are typically characterized by a very long availability on the market. However, product discontinuation becomes inevitable over a period. For example, components in these products may be difficult to obtain or may no longer be available on the market.

Belden has a limited stock of these products to meet demand until the last delivery date.

The standard warranty terms apply to all products delivered up to the last delivery date, except where otherwise noted. For more information on Belden’s Long Term Product Support Policy for Industrial Networking products, please visit [Long Term Product Support \(LTPS\)](#). Active special contracts in place prior to the announcement date will be honored according to the terms of that contract, with regards to product availability, warranty, or support terms.

**Discontinuation Milestones – for BAT-C2 products**

Milestones	Date
Discontinuation Announcement Date	December 12, 2023
Last Order Date	June 1, 2024
Last Delivery Date	October 1, 2024
Last Service Date	October 1, 2029
Last Firmware Maintenance Date	December 1, 2025

The delivery of this product will stop after the date of last delivery as outlined herein. Final orders can only be accepted on or before the last order date and are subject to the availability.

Thank you very much for your trust in our company and if you have any questions or remarks, please contact your local Belden sales representative.

Sincerely,

Hirschmann Automation and Control GmbH

Keith Blodorn  
Business Director, Protocols and Wireless Business
